You are invited to join the Christian churches of the North East for a combined worship celebration.

This year's speaker is Dr. Graham Poole. Graham has recently returned from 5 years in South Sudan where he worked with a Christian mission organisation, Pioneers Australia, as a medical missionary at "His House of Hope", a hospital for women and children.

The service will include a children's story and activities and an offering will be collected.

Before the service everyone is welcome to join us for a BBQ lunch.

Celebrating 10 years since the formation of the North East Rivers Festival
